OPEN

STUDIOS

27 + 28 September 2025
10am - 4pm unless stated otherwise

This is our fourth Open Studios weekend and it is growing from strength to strength, this year including Walkerburn and Traquair as well as Innerleithen where it all started. We have 41 exhibiting artists and we are delighted to be sharing a glimpse into all the wonderful art work that is going on in this part of the Tweed valley.

Whilst artists work is available to purchase, our main emphasis with Open Studios is to celebrate creativity in general, providing an opportunity for people who normally work away quietly in isolation to exhibit their work publicly and to connect with each other. We have artists of all ages and stages, some sharing their work for the very first time.

Some of our artists are opening their studios, others are showing work in local shops and business (see the map for locations) or in group shows at Findra and the Primary School in Walkerburn.

This year some of our artists have responded to the theme of textiles, once so central to this part of the economy of the Borders, and we have a programme of guided walks and workshops which also relates to this theme.

All workshops, events and guided walks are free and should be booked online where stated.
Any donations towards Open Studios are very welcome
